

NEWS ALERT

HITEK-nology Solutions LTD Exhibits at DVD Conference.

Cortec's Distributor, HITEK-nology Solutions Ltd. (HSL), exhibited at DVD2012, one of the most important events concerning equipment and support for the United Kingdoms Land Forces. DVD is Defense Equipment and Support's (DE&S) annual stakeholder event for the land equipment community. DVD brings together the acquisition community, with military personnel, and industry organizations for two days of informal discussion and briefings.

HSL attended this military vehicle Show June 20 & 21 to demonstrate asset preservation. They showed the process for Lay-Up and corrosion protection of a Springer All Terrain Vehicle using Cortec® MilCorr®. There was much interest in the different ways HSL could protect high value assets and spares using Cortec® products.

Peter Luff MP - UK Minister for Defense Equipment, Brigadiers, Generals, and many others visited the HSL stand. During the show it was confirmed that HSL had been awarded a trial to protect Combat Vehicle Reconnaissance (Tracked) - or CVR(T) from corrosion using Cortec® products as an alternative to a Controlled Dehumidified Environment..
