

NEWS ALERT

Cortec® Leading The Pack In Industrial Products Guide

Cortec® Corporation is the only dedicated manufacturer of Corrosion Control Solutions listed as a materials and chemical supplier in the New Equipment Digest's (NED) Industrial Products Guide. NED serves as the industry's most preferred products magazine to more than 200,000 plant operations, maintenance, engineering, production, purchasing, and administrative personnel in more than 100,000 facilities throughout the United States.

Cortec® supplies innovative corrosion protection solutions to the petrochemical, metalworking, telecommunications, electronics/electrical, utility, construction, military/government, marine, basic metals, automotive, and equipment maintenance markets. Cortec® pioneered the application and distribution of Vapor phase Corrosion Inhibiting (VpCI®) and Migratory Corrosion Inhibiting (MCI®) technologies and is expanding into new markets and creating new applications every day.

Cortec® Corporation is the global leader in innovative, environmentally responsible VpCI® and MCI® corrosion control technologies for the Packaging, Metalworking, Construction, Electronics, Water Treatment, Oil & Gas, and other industries. Headquartered in St. Paul, Minnesota, Cortec® manufactures over 400 products distributed worldwide. ISO 9001, ISO 14001, and ISO 17025 Certified.
