

NEWS ALERT

Cortec® product launch successful in Ecuador.

September 16, 2008

In July 2008, Cortec® Corporation hosted a product information seminar in Ecuador. Dario Dell'Orto, Vice President of International Sales focused on VpCI™ and MCI® technologies and their applications; including coatings, construction repair, difficult access protection, and packaging.

130 people representing the Guayaquil Municipality as well as different industrial sectors ranging from electrical (generating & distribution), construction, and water utilities were in attendance. The Q&A sessions showed an interest in seeking new approaches in fighting corrosion for multiple applications.
