Cortec® Corporation Attends 2008 Corrosion and Water Treatment Seminar

Cortec® Corporation President, Boris Miksic.

December 15, 2008

Cortec® Corporation's President, Boris Miksic, attended the 2008 Corrosion and Water Treatment Seminar held at Dhahran EXPEC Auditorium in the Saudi Aramco Engineering Center. Boris' presentation on "Biodegradable and Renewable Raw Materials in a New generation of Water Treatment Products" highlighted green chemistry, how to achieve the desired properties through choice of materials manufactured from biodegradable and renewable resources, and environmental aspects in inhibiting scalant and corrosion.

Aramis Engineering Center

Cortec® is dedicated to sustainability practices on a global scale by providing products that customers can immediately apply to their applications.

Cortec® Corporation is a world leader in innovative, environmentally responsible VpCI™ and MCI® corrosion control technologies for the Packaging, Metalworking, Construction, Electronics, Water Treatment, Oil & Gas, and other industries. Headquartered in St. Paul, Minnesota, Cortec® manufactures over 400 products distributed worldwide. ISO 9001 & ISO 14001:2004 Certified.
