PRODUCT RELEASE

Cortec's EcoAir® Wizard Screen Cleaner Works like Magic.

EcoAir® Wizard Screen Cleaner from Cortec®, safely cleans LCD screens of dust, dirt, and fingerprints with a no-residue, no-drip, spray foam application. This fresh scented cleaner incorporates non-toxic, biodegradable chemicals without traditional aerosols, propellants, or ozone depleting CFCs. Fast-acting, dependable, and safe to handle; EcoAir® leads the way in environmentally safe technology.

When applied to glass and plastic surfaces, the spray foam evaporates leaving a thin layer of protection that resists electrostatic charges which prohibits the buildup of reappearing dust and dirt. The cleaner cuts oil and grease on contact; does not streak, smear, or leave a filmy residue while maintaining peak operational efficiency for electronic components. The cleaner can be used for commercial, industrial, manufacturing, automotive, and general home office maintenance.

Typical Applications:

- Computer screens
- Laptops
- CD's and DVD's.
- Plasma TVs
- HDTV's
- Projection TVs
