PRODUCT NEWS RELEASE

A Complete Solution for Biodegradable Cleaning Needs!

VpCI™-415 is a heavy-duty, multi-purpose, biodegradable cleaner/degreaser. This industrial strength cleaner has exceptional resistance against pitting corrosion, is hard water tolerant, has excellent cleaning action at low temperatures, and remains stable during freeze and thaw cycles.

VpCI™-415 provides up to 6 months corrosion protection for a variety of metals. It can be used with pressure washers, foamers, dipping tanks, steam cleaners, or in mopping applications.

VpCI™-415 is non-toxic, non-corrosive, non-flammable/combustible, and will not inhibit pollution abatement systems. It does not contain VOCs, hazardous air pollutants, ozone depleting substances, carcinogens, ketones, or nonylphenoethoxylates. This makes VpCI™-415 an excellent choice for those concerned with environmental compliance and worker safety.

VpCI™-415 is MIL-PRF-87937D Type IV qualified.
