## Cortec's EcoAir® Line of Products: A Non-Flammable Aerosol Replacement.

Cortec® Corporation's line of EcoAir® products lead the way in environmentally safe corrosion protection technology. Cortec's Vapor phase Corrosion Inhibiting products protect not only where directly applied, but also the surrounding metal areas of initial application. Attack the toughest maintenance duties with respect for the environment with a non-toxic, biodegradable product that is fast-acting, dependable, and safe to handle. Various applications include: Offshore Platforms, Mining, Naval, Explosion Rated Environments, and more.

EcoAir® products in compressed air powered spray cans are completely environmentally safe and formulated with annually renewable, biodegradable, and nonpolluting ingredients. These products do not contain propellants, CFCs, or HCFCs that affect the atmosphere, the ozone layer, or the environment.

Cortec's EcoAir® technology uses a four-layer EcoPouch inserted into a recyclable aluminum can pressurized with compressed air, and the pouch is then filled with product. As the can valve is depressed the surrounding pressure expels the pouches internal fluid until the product is used up. EcoAir® products are specially formulated to improve safety for the consumer as well as the environment.

EcoAir® BioClean®

EcoAir® VpCI®-389 Rust Blocker

EcoAir® VpCI®-324 Anti-Bacterial Penetrating Oil

EcoAir® VpCI®-337 Vapor Corrosion Inhibitor

EcoAir® VpCI®-377 Corrosion Preventative

EcoAir® VpCI®-414 Cleaner/Degreaser

EcoAir® VpCI®-422 & 423 Non-Toxic Rust Removers

Please contact Cortec® for more information on EcoAir® or any of our other corrosion combating technologies.

Cortec® Corporation is a world leader in innovative, environmentally responsible VpCI® and MCI® corrosion control technologies for the Packaging, Metalworking, Construction, Electronics, Water Treatment, Oil & Gas, Military, Automotive, and other industries. Headquartered in St. Paul, Minnesota; Cortec® manufactures over 400 products distributed worldwide. ISO 9001 & ISO 14001:2004 Certified.
