

PRODUCT SPOTLIGHT

Cortec® Rawn Stainless Steel Cleaner - Preservation From Everyday Wear and Tear.

Rawn stainless steel cleaner helps preserve factory finishes on stainless and other metals without hard rubbing and polishing. Restores original brightness and establishes a protective finish to resist soiling from fingerprints, grease, water spatter, dirt, and oil. Contains no abrasives, acids, or alkali. Leaves no streaks or oily scum.

This proven formula is:

- non-streaking
- restores original brightness
- resists fingerprints, oil, grease, water, dust, and dirt.

Typical Applications:

- Industrial processing equipment
- Appliances
- Marine trim
- Unpainted and precious metal components

Available in trigger spray or aerosol.

Please contact Cortec® for more information on Rawn Stainless Steel Cleaner or any of our environmentally friendly corrosion combating technologies.
